

## Introducing Clearspan Engage

Product General Availability Date: February 1st, 2021

Our new best-in-class complete collaboration experience seamlessly delivers Clearspan calling solutions, advanced messaging, and meeting capabilities including MS Teams integration - all within a single app powered by Webex.

**Softphone, Only Offering.** Make and answer calls on any device with the Clearspan Engage desktop, mobile and tablet softphone capable clients. End users leverage VoIP call control, call through and call back functions in the client seamlessly transitioning calls between their desk phone, to their softphone and even to their mobiles without interrupting the call.

**Basic Subscription Offering.** Starting with the softphone functions described above as well as instant messaging and presence features, direct and group messaging, spaces, message persistence, screen sharing, file sharing, host **25-person** space meetings and more.

**Standard Subscription Offering.** Softphone + Basic + **25-person** meetings in Teams provide the foundation for advanced end users to add highly secure video conferencing that allows you to host up to 25-person voice and video conferencing, engage 1 multi-party chat and desktop application sharing and you can include guests to participate in your personal meeting room.

**Premium Subscription Offering.** Premium users receive all Softphone, Basic and Standard features mentioned above plus BYOPSTN, personal meeting room with up to **1,000 participants**, meeting duration unlimited 24 hours, message storage of 10 GB, plus Cloud Recording storage.
