Slow Flash	Headset Mode

REDIALING

Press the [↕] key once to access a list of recently dialed numbers. Swipe up and down to scroll through the entries, select the entry to redial, and press the **Dial** softkey to redial the selected number. Press the [↕] key twice to call the last dialed number.

HOLDING AND RESUMING

1. To place a call on hold, press the [☎♪] key when connected to the call.

2. To resume the call, press the [☎♪] key again or press the Line key corresponding to the line where the call is being held.

MUTING

Press the [🎤] key to mute the handset, headset, and speakerphone. The light next to the mute button flashes when mute is activated.

ADJUSTING THE VOLUME

Press the [🔊 🔊] buttons during a call to change the volume at which you hear the other parties in the call.

Press the [🔊 🔊] buttons when you are not on a call to change the volume of the phone's ringer.

PLACING A CALL

1. Lift the handset, press a Line key, or press the [◁/◯] key.
2. Dial the number from the keypad and press the **Dial** softkey.

ENDING A CALL

Place the handset on its cradle or press the [☎] key.

ANSWERING A CALL

Lift the handset for handset operation, or press the Line key or [◁/◯] key for handsfree operation.

IGNORING A CALL

Press the [☎] key or **Ignore** softkey when the phone is ringing to ignore the incoming call and (if configured) send the incoming call directly to voicemail.

USER INTERFACE (UI) OVERVIEW

HOME SCREEN

The Home Screen displays the date and time along with various important status messages. It is the default screen displayed when the phone is in an idle state.

ADVANCED CALL HANDLING

The 6873i IP phone provides simple and convenient methods for transferring calls and establishing conference calls.

> NOTE: Transferring and conferencing can be initiated in both the Multi-View and Detailed-View Call Screens.

TRANSFERRING CALLS

1. Ensure you are on an active call with the party you wish to transfer.
2. If you are already connected to the transfer recipient, press the recipient on screen and then press the **Xfer** softkey to complete the call transfer.

   OR

   If you are not connected to the transfer recipient, press the **Xfer** softkey, enter the recipient's number, and press the **Dial** softkey. At any time, press the **Xfer** softkey again to complete the call transfer.

CONFERENCING

Establish the Conference

1. Connect to the first party to include in the conference.
2. Press the **Conf** softkey.
3. Dial the number of the party to add to the conference.
4. Wait for the new party to answer, and announce the conference.
5. Press the **Conf** softkey again. The conference is established.
6. To add more parties, repeat steps 2 through 5.

Cancel the Third Party

1. Press the **Cancel** softkey while the third party phone is ringing.
2. Press the **Pickup** softkey to reconnect to the original party.

FORWARDING CALLS

You can use the Call Forward feature to automatically forward incoming calls to another number.

1. Press the **Call Fwd** softkey. The Call Forward screen displays.
2. Use the touchscreen to select the options for All, Busy, or No Answer call forwarding.
3. Press **Save**.

DIRECTORY LOOKUP

Directory Lookup allows you to search an LDAP or Outlook directory.

1. Press the softkey configured to access the corporate directory.
2. Search for any name by entering letters using the phone's keypad.
3. Press **Lookup** to retrieve a list of possible matching names. Use the **Page Up** and **Page Down** softkeys to scroll through the entries.
4. Press **Dial** to call the selected entry in the list. You can also press **Display** to search for additional numbers available for the selected name, or **Speed Dial** to add the number to your speed dial entries.
5. To exit the Directory, press **Cancel**.

CALL LOG

The Call Log contains the call history stored on the server.

1. Press the programmed **Call Log** softkey.
2. Select **Dialed**, **Received**, or **Missed**.
3. Use the **Page Up** and **Page Down** softkeys to scroll through the entries.
4. To view details such as the phone number and date/time of the call, press **Display**. To dial an entry from the list, press **Dial**. To save a line item to the next available speed dial code, press **Add SpeedDial**.

CALLERS LIST

You can access a call history stored on the phone.

1. Press the ☎ key to access the Callers List.
2. Select **All**, **Missed**, **Outgoing**, or **Received**.
3. Scroll through the list by swiping up or down. If you would like to view additional contact details, press the contact on screen and press the **Details** softkey.
4. Press the **Dial** softkey to place a call to the entry.
